3-24-2020

To our valued customer and partner:

At Penn Valley Chemical, our goal is to do our best for our customers and their budgets. In an effort to keep our pricing as low as possible, we will be instating a new payment policy. As of April 1, 2020, we will only be accepting credit cards at point of invoice with no fees. Customers with approved credit terms with us are still welcomed and encouraged to utilize their account's terms to their benefit. Term payments will be accepted through ACH, check, or cash. Our preferred payment method is ACH.

- If you wish to set up payment via ACH, please contact the office for that information. 215-855-1878
- If you wish to put a credit card on file to pay at point of invoice, we have a secure site that can handle that as well. Please contact the office and they will be happy to set that up for you.
- No discount will be applied if you are paying by credit card at point of invoice.
- If you choose to pay via credit card after invoice a 3% surcharge will be added to cover credit card processing fees.

Sincerely

Penn Valley Chemical
